Business Report

(For the fiscal year from April 1, 2011 to March 31, 2012)

1. Current Business Conditions of the Yushin Group

(1) Progress and achievements

In this fiscal year as for the world economy, although the U.S. economy was on the recovery trend, the prospects were vague due to the anxiety about debt in Europe which caused the economic growth of the emerging countries plateau. The domestic economy was on the recovery trend led by the restoration demand from the earthquake and yen's appreciation, which weighed on the earnings of export industry, is on easing trend. As for industries related to Yushin, demand from Asia and North America were strong. By industry, automotive, home appliance, medical and daily products were strong.

Under these circumstances, Yushin Group linked demand from Southeast Asia to order, and increased sales to the industries such as Automotive, electronic component, and optical and precision equipment. As a result, consolidated net sales increased by 13.3% from the previous FY to ¥14,240 million. By introducing new products, operating income increased by 15.9% from the previous FY to ¥1,272 million, ordinary income increased by 20.0% from the previous FY to ¥1,265 million and net income was by 6.6% from the previous FY to ¥778 million despite the effects of yen's appreciation.

(5) Issues to be addressed

As for the business environment surrounding the Yushin Group, there is a recovery trend from the Great East Japan Earthquake and the floods in Thailand which caused great damages. In Japan demand is expected particularly for automotive industry, and the capital investment on power-saving equipment is anticipated to grow due to the anxiety about power supply. Globally, it is anticipated that North America, Korea and Southeast Asia will stay strong.

Under these circumstances, Yushin Group must reinforce its products including price competitiveness to further promote the differentiation and to strengthen its power of global marketing. Furthermore, aiming to establish multiple core business, Yushin must develop and launch new products that can manifest technological and sales synergies.

To this end, design optimization technology, which earned “Japan Society of Mechanical Engineering Technology Award”, will be applied to general purpose robot. Yushin will transmit information of the definitely-differentiated products by appealing the performance superiority such as high-speed, light weight and power-saving. Yushin will also develop business in the semiconductor-related and medical-related area as new domains that have technological synergies.

(Thousands of yen)

Item	Total payment
The amount of compensation and other payments payable to the Independent Auditors for the reporting year	26,200
Total amount of monetary and other property benefits payable by the Company and its subsidiaries	33,062

Note: In the audit contract between the Company and the Independent Auditor, audit fees pursuant to the Company Law and those pursuant to the Financial Instruments and Exchange Law are not clearly separated and this separation is practically impossible. Therefore, the amount of compensation and other payments to the Independent Auditor is represented as the total payment.

(3) **Non-audit services**

Advice and guidance on international operations.

(4) **Policy for making decisions regarding the dismissal or non-reappointment of Independent Auditor**

The Board of Directors will include the dismissal or non-reappointment of the Independent Auditor in the agenda of the General Meeting of Shareholders, should the execution of the Independent Auditor's duties be impeded or its dismissal or non-reappointment is deemed necessary by the Board of Directors, with the consent of the Board of Corporate Auditors, or in the event of a request by the same.

The Board of Corporate Auditors will dismiss the Independent Auditor should it determine that same corresponds to the provisions in each item of Paragraph 1, Article 340 of the Company Law, with the agreement of all the members of the Board of Corporate Auditors. In such a case, an auditor appointed by the Board of Corporate Auditors will report the fact of and the reason for the dismissal of the Independent Auditor to the first General Meeting of Shareholders called after the dismissal.

(5) **Overview of limited liability contract**

The Company has entered into a contract with Deloitte Touche Tohmatsu LLC, the Independent Auditor, based on Paragraph 1, Article 427 of the Company Law limiting the liability of same as specified in Paragraph 1, Article 423 of the Law. The upper limit provided in the limited liability contract is the minimum limited amount stipulated by laws and regulations.

5. Matters pertaining to the development of internal control systems to ensure a properness of operations

The following is an overview of the development of an internal control system to ensure that the execution of duties by Directors conforms to laws and regulations and the Articles of Incorporation as well as other systems that ensure the properness of operations of the Company.

a. System to ensure that the execution of duties of Directors and employees conforms to laws and regulations and the Articles of Incorporation

The Company has established a code of conduct so that all employees comply with laws and regulations and accepted social guidelines for behavior by attending the morning meeting at each department. In addition, there is a system for handling matters involving compliance at meetings of the Board of Directors, Board of Corporate Auditors and Executive Meeting. Measures to improve internal controls primarily involve audits of business operations by the Internal Auditing Department.

b. System for the preservation and management of information regarding the execution of duties by Directors

Documents and other information concerning the execution of duties by Directors are properly stored and managed in accordance with the importance of each item as prescribed in Documents Management Regulations. Directors and Corporate Auditors can view these documents and other information as required.

c. Regulations and other systems for the management of the risk of loss

For compliance, environmental protection, responses to disasters, information security, export management and other items, the department responsible for risk management for each item prepares rules and manuals and conducts training programs. The Board of Directors and Executive Meeting receive information about these activities in a timely manner. There is a framework under the supervision of the President and Representative Director for taking quick and appropriate actions to avoid problems or reduce the likelihood that they will occur.

d. System to ensure efficiency in the execution of duties by Directors

The Board of Directors meets once each month in principle and aims to conduct highly transparent management. Duties include reaching decisions about important matters and managing and supervising the execution of business operations by directors. To improve the efficiency of the Company's management, the Board of Directors thoroughly examines important matters associated with all aspects of management. For the execution of business operations, annual budgets are established based on the business climate and targets for the entire company are established. Each department is responsible for determining and executing specific measures needed to achieve those targets.

e. System to ensure a properness of operations in the business group comprised of the Company and its subsidiaries

The Group uses close cooperation among group companies and measures to strengthen management systems for the purpose of ensuring proper corporate governance, compliance and financial reports for the entire Group. The oversight and management of the entire Group is performed in accordance with Subsidiary Management Regulations.

f. Matters concerning a system for employees in cases where Corporate Auditors issue requests for the assignment of said employees to assist them with their duties as well as concerning the independence of said employees from Directors

There are currently no employees who assist Corporate Auditors. However, the Corporate Auditors can ask employees of the Internal Auditing Department to perform auditing tasks as required. In addition, employees who receive the required order from a Corporate Auditor to perform auditing tasks will no longer be subject to instructions or orders from Directors and managers of the Internal Auditing Department.

g. System for reporting to Corporate Auditors by Directors and employees and other systems concerning reports to Corporate Auditors

Corporate Auditors attend important meetings and receive reports as needed to monitor the status of business operations. Directors and employees must promptly submit to the Corporate Auditors reports concerning legally required matters as well as reports about other items that can have a significant effect on

the Company or the Group.

h. Other systems to ensure effective audits by Corporate Auditors

The Board of Corporate Auditors holds separate meetings on a regular basis to exchange information with the President and Representative Director and with the Independent Auditor. The Board of Corporate Auditors also works closely with the Internal Auditing Department.

6. Policy concerning decisions on the dividends of surplus

The Yushin Group manages its businesses considering the return of profits to shareholders as one of its important managerial issues.

To that effect, it is the basic policy of the Company to proactively return profits to shareholders by maintaining a stable operational base, improve its ROE and effectuate dividends based on the performance results of each respective fiscal year.

For this fiscal year, a full-year dividend is ¥20 per share, comprising an interim dividend of ¥10 per share and a year-end dividend of ¥10 per share.

(4) Accounting policies

a. Valuation of important assets

- i) Securities
Available-for-sale securities classified as other securities
 - Securities with available fair market values are reported at fair value on the consolidated account closing date
(Unrealized gains or losses, net of applicable taxes, reported in a separate component of equity. The cost of securities sold is principally determined by the moving average method)
- ii) Derivatives: Fair value method
- iii) Inventories
 - Merchandise and finished goods, work-in-process
Principally carried at cost determined by the identified cost method (the carrying value on the balance sheet is written down to reflect the effect of lower profit margins)
 - Raw materials
Principally carried at cost determined by the periodic average method (the carrying value on the balance sheet is written down to reflect the effect of lower profit margins)
 - Supplies
Carried by the last purchase price method

b. Depreciation

- i) Property, plant and equipment (excluding leased assets): Principally computed by the declining balance method
The range of useful lives for major assets is as follows:

Buildings:	13-40 years
Machinery and equipment:	5-12 years
- ii) Intangible assets (excluding leased assets)
 - Software used internally: Straight-line method based on the expected useful lives
 - Other intangible assets: Straight-line method
- iii) Leased assets: For leased assets under non-ownership transfer finance lease transactions, the Company applies a straight-line method with the lease period as useful life and the residual value as 0. Out of leased assets under non-ownership transfer finance lease transactions, lease transactions which were started before March 31, 2008 are accounted for as operating lease.

c. Estimation on important allowance and reserves

- i) Allowance for doubtful accounts:
To provide for possible bad debt losses, the amount deemed unrecoverable is accounted using the loan loss ratio based on past experience for general claims and by examining the possibility of recovery on an individual basis for specific claims with default possibility.
- ii) Accrued employees' bonuses:
In order to allocate the payment of employees' bonuses, the Company provides the amount subject to the fiscal year under review among the total estimated amount to be paid as employees' bonuses.
- iii) Accrued bonuses to directors and corporate auditors:
The Company provides the projected payment amount to be allocated for the payment of bonuses to directors and corporate auditors.
- iv) Warranty reserve:
To provide for expenses incurred for free repairs related to product sales, an amount is accounted based on historical experience.
- v) Liability for retirement benefits to directors and corporate auditors:
The Company provides the estimated amount of retirement benefits to directors and corporate auditors which would be required if all directors and corporate auditors retired at the balance sheet date according to internal regulations. This plan was terminated on June 29, 2006 and no additional provision has been recorded since then. Therefore, the balance as of March 31, 2012

is provided in proportion to the term that present directors had been in their respective positions before June 2006.

d. Employees' retirement benefits

To provide for employees' retirement benefits, based on the projected benefit obligations at year-end and the pension asset balance, the amount of pension assets surplus to projected benefit obligations is recorded in the "Other" field under "Investments and other assets". The net actuarial loss or gain is subject to amortization from the next fiscal year of the recognition thereof onward in an amount pro rated by the straight-line method based on the average remaining employee service period (10 to 16 years) at the time of the recognition of net actuarial loss or gain in each fiscal year.

e. Other significant matter for the preparation of Consolidated Financial Statements

Consumption tax and local consumption tax are accounted for using the tax excluded method.

(5) Additional Information

(Application of Accounting Standard for Accounting Changes and Error Corrections)

With regard to any accounting changes or corrections to previous errors that are made after the beginning of the current fiscal year under review, the "Accounting Standard for Accounting Changes and Error Corrections" (Accounting Standard – ASBJ Statement No. 24 dated December 4, 2009) and the "Guidance on the Accounting Standard for Accounting Changes and Error Corrections" (Implementation Guidance – ASBJ Statement No. 24 dated December 4, 2009) have been applied.

2. Notes to Consolidated Balance Sheet

- (1) Accumulated depreciation of property, plant and equipment: ¥3,117,298 thousand
- (2) Notes payable on the closing date handled for settlement on exchange dates. The closing day of this fiscal year was a day when financial institutions are closed, and therefore the following note payable on the closing date is included in the balance at the end of the period.
- | | |
|------------------------|------------------|
| Trade notes receivable | ¥94,219 thousand |
| Trade notes payable | ¥78,587 thousand |

4. Notes to Financial Instruments

(1) Conditions of financial instruments

a. Management policy

The Yushin Group has a policy of limiting investments of unused funds to short-term time deposits, certificates of deposits and similar instruments and never using these funds for speculation. Internal resources are used to meet all working capital requirements. Derivative instruments may be used to hedge exposure to foreign exchange rate risk but will never be used for speculation.

b. Details of financial instruments and their risks

Operating receivables consisting of trade notes and accounts receivable are generally exposed to the credit risk of customers, while foreign currency denominated operating receivables at foreign operations are exposed also to the foreign exchange risk.

Investment securities, which are available-for-sale securities, are exposed to risk associated with market price volatility.

Operating debt consisting of trade notes and accounts payable are largely due four months or less.

c. Risk management system for financial instruments

Payment dates and balances of outstanding are supervised for each customer based on rules for the management of trade receivables and credit. In addition, there is a system for monitoring the financial soundness of customers.

For investment securities, there are measures to periodically monitor the fair values of these securities and the financial soundness of issuers of these securities.

(2) Fair value of financial instruments

The carrying value on the consolidated balance sheets, fair value, and their differences as of March 31, 2012 are shown as follows.

		Carrying value (¥thousands)	Fair value (¥thousands)	Differences (¥thousands)

1. Summary of significant accounting policies

(1) Valuation of important assets

- a. Stocks of subsidiaries and affiliates
Carried at cost determined by the moving average method
- b. Available-for-sale securities classified as other securities
 - Securities with available fair market values are reported at fair value on the closing date (Unrealized gains or losses, net of applicable taxes, reported in a separate component of equity. The cost of securities sold is principally determined by the moving average method)
- c. Inventories
 - Finished products and work in process:
Carried at cost determined by the identified cost method (the carrying value on the balance sheet is written down to reflect the effect of lower profit margins).
 - Raw materials:
Carried at cost determined by the periodic average method (the carrying value on the balance sheet is written down to reflect the effect of lower profit margins)
 - Supplies:
Carried by the last purchase price method

(2) Depreciation

- a. Property, plant and equipment (excluding leased assets): Declining balance method
The range of useful lives for major assets is as follows:

Buildings:	13-38 years
Machinery and equipment:	12 years
- b. Intangible assets (excluding leased assets)
 - Software used internally: Straight-line method based on the expected useful lives
 - Other intangible assets: Straight-line method
- c. Leased assets: For leased assets under non-ownership transfer finance lease transactions, the Company applies a straight-line method with the lease period as useful life and the residual value as 0. Out of leased assets under non-ownership transfer finance lease transactions, lease transactions which were started before March 31, 2008 are accounted for as operating lease.

(3) Estimation on allowance and reserves

- a. Allowance for doubtful accounts:
To provide for possible bad debt losses, the amount deemed unrecoverable is accounted using the loan loss ratio based on past experience for general claims and by examining the possibility of recovery on an individual basis for specific claims with default possibility.
- b. Accrued employees' bonuses:
In order to allocate the payment of employees' bonuses, the Company provides the amount subject to the fiscal year under review among the total estimated amount to be paid as employees' bonuses.
- c. Accrued bonuses to directors and corporate auditors:
The Company provides the projected payment amount to be allocated for the payment of bonuses to directors and corporate auditors.
- d. Warranty reserve:
To provide for expenses incurred for free repairs related to product sales, an amount is accounted based on historical experience.
- e. Liability for retirement benefits to directors and corporate auditors:
The Company provides the estimated amount of retirement benefits to directors and corporate auditors which would be required if all directors and corporate auditors retired at the balance sheet date according to internal regulations. This plan was terminated on June 29, 2006 and no additional provision has been recorded since then. Therefore, the balance as of March 31, 2012 is provided in proportion to the term that present directors had been in their respective positions before June 2006.

(4) Employees' retirement benefits

To provide for employees' retirement benefits, based on the projected benefit obligations at year-end and the pension asset balance, the amount of pension assets surplus to projected benefit obligations is recorded in the "Other" field under "Investments and other assets". The net actuarial loss or gain is subject to amortization from the next fiscal year of the recognition thereof onward in an amount pro rated by the straight-line method based on the average remaining employee service period (10 to 16 years) at the time of the recognition of net actuarial loss or gain in each fiscal year.

(5) Other basic significant matter for the preparation of Financial Statements

Consumption tax and local consumption tax are accounted for using the tax excluded method.

(6) Additional Information

(Application of Accounting Standard for Accounting Changes and Error Corrections)

With regard to any accounting changes or corrections to previous errors that are made after the beginning of the current fiscal year under review, the "Accounting Standard for Accounting Changes and Error Corrections" (Accounting Standard – ASBJ Statement No. 24 dated December 4, 2009) and the "Guidance on the Accounting Standard for Accounting Changes and Error Corrections"

(Implementation Guidance – ASBJ Statement No. 24 dated December 4, 2009) have been applied.

2. Notes to Balance Sheet

- (1) Accumulated depreciation of property, plant and equipment: ¥2,722,231 thousand
- (2) Notes payable on the closing date handled for settlement on exchange dates. The closing day of this fiscal year was a day when financial institutions are closed, and therefore the following note payable on the closing date is included in the balance at the end of the period.

Audit Report

Regarding the performance of duties by the Directors for the fiscal year from April 1, 2011 to March 31, 2012, the Board of Corporate Auditors hereby submits its audit report, which has been prepared through discussions based on the audit report prepared by each Corporate Auditor.

1. **Auditing Methods adopted by the Corporate Auditors and Board of Corporate Auditors and Details of Such Methods**

The Board of Corporate Auditors established auditing policies, allocation of duties, and other relevant matters, and received reports from each Corporate Auditor regarding his or her audits and results thereof, as well as received reports from the Directors, other relevant personnel, and independent auditors regarding performance of their duties, and requested explanations as necessary.

Each Corporate Auditor complied with the auditing standards of Corporate Auditors established by the Board of Corporate Auditors, followed the auditing policies, allocation of duties, and other relevant matters, communicated with the Directors, the internal audit department, other employees, and any other relevant personnel, and made efforts to optimize the environment for information collection and audit, and participated in the Board of Directors' Meetings and other important meetings, received reports from the Directors, employees, and other relevant personnel regarding performance of their duties, requested explanations as necessary, examined important authorized documents and associated information, and studied the operations and financial positions at the head office and principal offices.

In addition, we received periodic reports and requested explanations as necessary from the Directors, other relevant personnel and expressed our opinion about conditions of construction and application on the content of the resolution of the Board of directors and system actually placed as "internal control system" in accordance to this resolution, which is stipulated in Paragraphs 1 and 3 of Article 100 of the Enforcement Regulation of Corporate Act as a system required to ensure the compliance of laws and the Articles of Associations in the execution of businesses by directors written in the business report.

With respect to subsidiaries, we communicated and exchanged information with Directors, Corporate Auditors, and other relevant personnel of the subsidiaries, and received business reports from subsidiaries as necessary. Based on the above methods, we examined the business report and supporting schedules related to the relevant business year.

Furthermore, we monitored and verified whether the independent auditors maintained their independence and implemented appropriate audits, and we received reports from the independent auditors regarding the performance of their duties and requested explanations as necessary. In addition, we received notice from the independent auditors that "the system for ensuring that duties are performed properly" (matters set forth in each Item of Article 131 of the Company Accounting Rules) is appropriately established in accordance with "Quality Control Standard on Audit" (Business Accounting Council, October 28, 2005) and requested explanations as necessary.

Based on the above methods, we examined the non-consolidated financial statements (Balance Sheets, Statements of Income, and Statements of Changes in Net Assets) and supporting schedules, and the consolidated financial statements (Balance Sheets, Statements of Income, and Statements of Changes in Net Assets).

2. Audit Results
