Editorial policy

YUSHIN Report is intended to help our shareholders, investors and other stakeholders better understand how we are creating social and economic value and achieving sustainable growth. We hope that this report will contribute to your dialog with us. We referred to "International Integrated Reporting Framework" issued by Value Founding Foundation and "Guidance for Collaborative Value Creation" issued by Ministry of Economy, Trade and Industry, and other materials during the edit.

Reporting period

The main period covered in this report is the fiscal year ended March 31, 2022 (April 1, 2021 to March 31, 2022). Some of the contents include information outside of this period.

Scope of report

This report covers YUSHIN PRECISION EQUIPMENT CO., LTD. and its 13 consolidated subsidiaries.

Notes on the forecast and outlook

The forecasts and outlooks contained in this YUSHIN Report 2022 are based on information available at the time of preparation and are judged to be reasonable by the Company, and include potential risks, uncertainties and other factors. Therefore, actual results may differ from the forecasts and outlooks due to changes in various factors.
