

History of Value-Creation

【 Founder's saying 】

品質は社運を決める

Quality determines our future.

できない無理だ、は出発点

The impossible is the starting point for innovation.

Since its establishment, YUSHIN PRECISION EQUIPMENT CO., LTD. has made take-out robots for plastic molding as main products, and has moved forward with the development of the industry. We have actively expanded its business overseas, and despite being the last entrant into take-out robot industry in Japan, has grown to hold the largest share of the global market in the 2000s. Based on our founder's philosophy of "The impossible is the starting point for innovation." we will continue to challenge new technologies and contribute to global society as a leading company of take-out robots.

1973
YUSHIN PRECISION EQUIPMENT CO., LTD. established at Higashiyama-ku Kyoto, Japan

1985
Relocated the headquarters to Fushimi-ku Kyoto, Japan

1988
YUSHIN AMERICA, INC. established

2000
YUSHIN KOREA CO., LTD. established

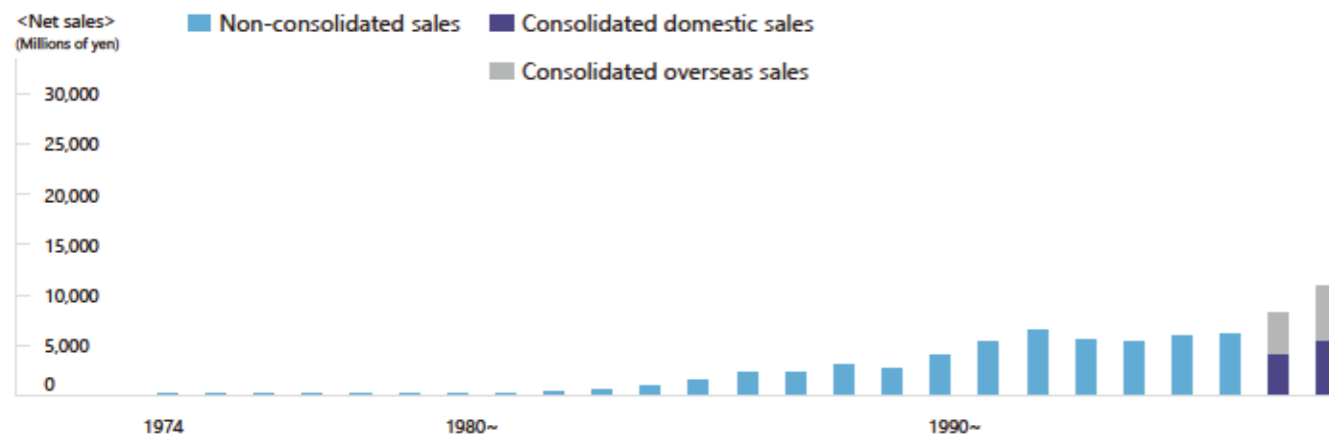

2013
Technical Center opened in Minami-ku Kyoto, Japan

2004
YUSHIN AUTOMATION LTD. (UK) established

2016
New Headquarters opened in Minami-ku Kyoto, Japan

1978
A swing type take-out robot released as the YUSHIN's first robot

1989
(First in the Industry)
Servo liner, all servo driven take-out robot, released

1996
(First in the Industry)
YUSHIN robot equipped with colored touch-panel controller

2002
(The Fastest in Industry)
DRDIII, disc take-out robot, released with the take-out time of 0.069 seconds

2010
(Optimum Design)
HSA, take-out robot, jointly developed with Kyoto University, released

2017
(Active Vibration Control) (IoT)
FRA, high-end take-out robot, released
INTU LINE, IoT service, released

2020
(Venture into New Business)
PA, palletizing robot released
